IMPORTANT INFORMATION!

*Our Team Support Website WWW.LE2SUPPORT.COM has been completely re-done and updated!! It's fully functional and more "user friendly". This is a great asset for all associates- seasoned and brand new. Check out all the pages and pay special attention to the Training Page!!!

*Our weekly Team Conference Call is now on FLASH-TALK!! You can now HEAR, SEE, and INTERACT with other Legal Eagle II Team members on our Sunday evening call.

ARE YOU TIRED OF THE 9 TO 5 BLUES?

Perhaps your thinking, "Why would I want to give up what I have now to go into a business that I know little or nothing about?" Well, if you are like most Americans, your daily routine is predictable. Your alarm clock wakes you up at the crack of dawn, take a shower and get dressed, survive the commute to work then put in 8-12 hours at a job where you are handsomely compensated, genuinely appreciated, and frequently promoted.

So what's wrong with this picture? For the most part, the picture is accurate, except for the part about being handsomely compensated, genuinely appreciated, and frequently promoted.

The truth is, no employer with ever value your time and effort as much as you do and that is what poses a problem.

Have you ever wondered what makes some people millionaires or billionaires while most of us are struggling to survive? We know the overwhelming majority of millionaires in the U.S. are 'self-made'. Which means they weren't born rich, but have earned their fortunes by taking actions that set them apart from those that are not willing to make changes to enhance their financial future. In 2004 World Wealth Report shows the number of millionaires in the U.S was up 14%, and the U.S. and Canada together added

more new millionaires in 2004 than Europe, Asia, Latin America and the Middle East, combined. This alone illustrates that the opportunity to become a millionaire is still available to those who believe in the 'North' American Dream!

The key to living the lifestyle you and your family deserve is to own and build your own business.

TEAM'S NEWEST MILLIONAIRES!!

Tony Martinez from San Diego, CA has been with PPL since Dec. 1995 and was personally sponsored by Russell Peden was inducted into the Millionaire's Club.

Emmanuel and Kim Bernstein from Houston, TX started their PPL business in 1997 and now they are Millionaire Club Members. They are Platinums within our Dream Team organization.
